

STUDENT DELIVERY PROCESS FOR 2019-2020

August 23, 2019

Arnold Parents,

RE: Delivery Process

At Arnold Middle School, we truly desire a working partnership between home and school for all Buccaneer students. The 2019-2020 Delivery Process is necessary due to high volume. After much research and surveys from other schools in our area, the following will be the delivery process at Arnold.

Lunch/Food Delivery

- Parents are welcome to join their child for lunch.
- Parents may only bring food for their own child. Food may not be provided for other students (birthday cake, cupcakes, Sonic drinks, Starbucks, etc.) This is a district policy and a safety issue regarding food allergies.
- Parents wishing to bring food to school for their student may leave it on the grade level shelf on the cart located in the vestibule. **Parents are responsible for communicating to their student that they need to pick up their lunch on the cart.**
- Fast Food Deliveries such as pizza, Uber Eats, Grubhub, Door Dash, etc., for students are prohibited. This is a district policy.

Parent Drop-off for Student Pick-up (ex: Homework, PE uniforms, etc.)

- Since making deliveries to a classroom causes a disruption, we do not deliver items to the classrooms.
- A grade level shelf is located on the cart in the vestibule for these types of items to be dropped off.
- **Parents are responsible for communicating to their student prior to dropping off any items. Students will be allowed to check the shelf between class changes and during lunch; however, tardies will count if a student is late for the next class period.**
- Arnold is not responsible for any items placed on the cart shelves.

We appreciate your help with this process as we work to protect classroom instruction time with minimal interruptions and promote responsible citizens. Our Delivery Process will begin on Monday, August 26, 2019.
